

Support a child!

54 JOS children are living with their families and 12 children living at the Jodie O'Shea facilities. A number of these children have supporters who provide financial means, so JOS can take care of needs such as education (including school fee, uniforms, books, and shoes), food, transportation (if needed), health insurance and family empowerment.

As a supporter you can make the difference for the child you help.

To protect the privacy of the children and their families we do not reveal names, addresses and personal details of the children and families we help on our website. We work with codes, where for example J11B means Java, 11 years old, Boy. Once you are a supporter, we will ensure contact between you and the child you support through our office.

Code	J11B
Age	11 years
